RESOURCE, SYSTEM & DEMAND DATA REQUIREMENTS

C-M11

Reliability Rule Reference

C-R4 System Data Requirements

Measurement

C-M11. Market Participants and Developers shall:

1. Provide to the NYISO accurate load flow, short circuit and stability data in the time frame and format as specified by NYISO procedures required under C-M9. This data will be used to maintain up-to-date data bases required under Measurement C-M10.
2. Respond to NYISO requests for data verification or correction of Suspect Data.
3. Review and check their equipment data (load flow, short circuit and stability data) within data bases provided by the NYISO to ensure accuracy.

Compliance Monitoring Process

Compliance Documentation Reporting Responsibility: Transmission Owners

Compliance Monitoring Responsibility:

1. Review of Transmission Owner & Developer Compliance Documentation – NYISO
2. Review of NYISO Compliance Certification – RCMS

Compliance Documentation Reporting Frequency: On Request

Levels of Compliance

<input checked="" type="checkbox"/> Full (100%) Compliance	The NYISO certified that all Market Participants and Developers provided the NYISO with load flow, short circuit, and stability data bases in accordance with Measurement C-M11. In addition, the NYISO certified that all Market Participants and Developers reviewed their data bases for accuracy and responded to NYISO requests for data verification or correction of Suspect Data.
<input type="checkbox"/> Non-Compliance Level 1	The NYISO certified that the required data that was provided was complete, but was not submitted to the NYISO by the specified time by one or more designated Market Participants and Developers.
<input type="checkbox"/> Non-Compliance Level 2	The NYISO certified that the required data was submitted to the NYISO on time, but was incomplete in one or more areas for one or more designated Market Participants and Developers.
<input type="checkbox"/> Non-Compliance Level 3	The NYISO certified that one or more Market Participants and Developers did not check the accuracy of its data, or did not respond to the NYISO for requests for data verification or correction of Suspect Data.
<input type="checkbox"/> Non-Compliance Level 4	The NYISO certified that the required data from one or more designated Market Participants and Developers was not submitted to the NYISO.

Certification

Notes: NYISO is in full compliance with C-M11. Procedures in the Reliability Analysis Data manual were followed to update databases using Market Participant and Developer input as documented in the NYISO 2013 FERC Form No. 715 filing (April 1, 2013), and to update databases on an ongoing basis as system changes warranted. Requests by the NYISO for data verification or correction were responded to by the designated Market Participants and Developers.
