

Certification

RESOURCE, SYSTEM & DEMAND DATA REQUIREMENTS

C-M5

Reliability Rule Reference

C-R2 Generating Unit Availability and Special Case Resource Performance

Measurement

C-M5 Installed Capacity Providers located in or serving the NYCA shall provide generating unit outage data for their generating units in accordance with NYISO procedures, tariffs and schedules for reporting outage data to the NYISO.

Compliance Monitoring Process

Compliance Documentation Reporting Responsibility: Installed Capacity Providers

Compliance Monitoring Responsibility:

1. Review of Installed Capacity Provider Compliance Documentation – NYISO
2. Review of NYISO Compliance Certification – RCMS

Compliance Documentation Reporting Frequency: On Request

Levels of Compliance

<input checked="" type="checkbox"/> Full (100%) Compliance	The NYISO certified that, during the time period designated by the NYSRC, all Installed Capacity Providers reported generating unit outage data in accordance with applicable NYISO procedures, tariffs and schedules.
<input type="checkbox"/> Non-Compliance Level 1	The NYISO certified that an Installed Capacity Provider failed to report its generating unit outage data in accordance with NYISO data reporting schedules.
<input type="checkbox"/> Non-Compliance Level 2	The NYISO certified that generating unit outage data from an Installed Capacity Provider was found to be misreported after the data was used in reliability studies.
<input type="checkbox"/> Non-Compliance Level 3	The NYISO certified that generating unit outage data from a single Installed Capacity Provider was found to be misreported two or more times over a two-year period, after the data was used in reliability studies.
<input type="checkbox"/> Non-Compliance Level 4	The NYISO certified that an Installed Capacity Provider did not report its generating unit outage data in accordance with applicable NYISO procedures and tariffs.

Notes: Section 5.12.5 of the Market Services Tariff and Section 4.4 of the Installed Capacity Manual include requirements for ICAP resources to report outage data as part of the Generating System Data System (GADS) data submission. Section 4.4 of the Installed Capacity Manual also includes the due dates for reporting GADS data. Evidence of compliance with outage reporting requirements is available in the NxL software and in electronic files maintained by Installed Capacity Market Operations.
