| 2. Title of proposed rule change | Modification of Operation During Major Emergency Measurement F-M2 and Elimination of Reliability Assessment Measurement K-M2e (PRR #78) |
| | |
| 3. New rule or modification of NYSRC RR? | |
| If a new rule is proposed, provide any relevant citation to existing standards | |
| If a modification to an existing rule is proposed, provide NYSRC RR reference | Operation During Major Emergencies F-M2 & Reliability Assessment K-M2e |
| | |
| 4. Wording of proposed rule change | None |
| | |
| 5. Rationale for proposed rule change | |
| Identify advantages | Reporting requirements following a major emergency were identified as part of two separate reliability rule measurements, but the requirements stated were not identical. To ensure uniformity, major emergency reporting requirements were modified and identified only under Measurement F-M2 and Measurement K-M2e was eliminated. |

| 6. Measurement(s) | F-M2. (<i>Changes shown in bold</i>): The NYISO shall report to the NYSRC on every instance of a major emergency. Included in this report shall be a description of the incident, a summary of conditions that warranted the change to a major emergency state, a summary of actions taken, and the effectiveness of those actions. A preliminary report shall be provided to the NYSRC within one week of the incident; and a final report, if requested by the NYSRC, shall be provided within one month following the incident. (F-R1 through F-R7) K-M2e. This measurement will be eliminated. |
| | |
| 7. Full Compliance Statement (For Measurement F-M2) | <i>Replaces existing Full Compliance Statement, as follows:</i> The NYISO shall provide a preliminary report of major emergencies within one week of an incident. In addition, if requested by the NYSRC, a final report shall be provided within one month following the incident. These reports shall be prepared in accordance with Measurement F-M2 and shall demonstrate what NYISO actions were taken and their effectiveness for meeting NYSRC Reliability Rules. |
