

**October 29, 2019 NYSRC ICS Meeting #225 Report - Howard Kosel**

Prepared for the November 7, 2019 EC Meeting

- **2020 IRM Final Base Case:** ICS reviewed and approved the 2020 IRM Final Base Case (FBC) which incorporated the fall peak load forecast. The results of the FBC are provided as separate agenda item for EC review and approval.
  - **Completion Target:** October 29, 2019
  - **EC Required Action:** EC Approval November 7, 2019
- **High Renewable Whitepaper:** NYISO presented a draft High Renewable Whitepaper for ICS to review. The draft did not include results. NYISO will present a final version of the whitepaper with results at the December 2, 2019 ICS meeting.
- **Draft 2020 IRM Report:** ICS thoroughly reviewed the draft 2020 IRM Report and requested any additional comments and redlines be provided. The draft 2020 IRM report is provided for EC review.
  - **Completion Target:** December 2, 2019
  - **EC Required Action:** EC Approval December 6, 2019
