

# NYISO Certification

## Description:

### NYSRC Reliability Rule Reference (No. and Name)

#### G.4: System Restoration from Eligible Black Start Resources

### NYSRC Requirement(s) for which compliance is being certified

**R2.** Con Edison shall have procedures and implement actions for the identification of *Eligible Black Start Resources* in accordance with R1 and *NYISO* procedures, as follows:

**R2.1.** Con Edison shall perform and document studies to identify *Eligible Black Start Resources* that would provide a *Material Benefit* to its SRP if included. These studies shall be conducted whenever changes to relevant system conditions may affect the results of the previous study.

**R2.2.** If Con Edison identifies an *Eligible Black Start Resource* that would provide a *Material Benefit* to its SRP if included based on a study pursuant to R2.1, it shall designate the *resource* for participation or continued participation in its SRP. Con Edison shall notify the *NYISO* and the applicable generator owner that the *resource* has been designated for participation or continued participation as a black start *resource* in its SRP. This notification shall be accompanied by supporting rationale and documentation, including a Con Edison study, subject to appropriate confidentiality protections. If requested, Con Edison shall provide additional documentation to the *NYISO*.

**R2.3.** If, after being notified that it has been designated as a *Eligible Black Start Resource* for participation or continued participation in the Con Edison SRP, the owner of the *resource* does not want to participate or continue to participate, Con Edison shall prepare supplemental information, if requested by the *NYISO*, for use in a *NYISO* review to determine whether an exemption for the *resource* from participation or continued participation in the Con Edison SRP shall be granted or denied pursuant to R1.3.3.

### Compliance Monitoring Process

Compliance Monitoring Responsibility:

- M2: NYISO/RCMS

Compliance Documentation Reporting Frequency:

- M2: Annually

Compliance Reporting Requirements:

- M2: NYISO Certification

## Measure No.

<input checked="" type="checkbox"/> Full Compliance	<b>M2.</b> Con Edison has procedures and has implemented actions for the identification of <i>Eligible Black Start Resources</i> for participation or continued participation in its SRP, in accordance with R2.1. In accordance with R2.2, Con Edison has submitted its methodology and/or study for identifying <i>Eligible Black Start Resources</i> that provide a <i>Material Benefit</i> to its SRP to the <i>NYISO</i> and/or <i>NYSRC</i> when requested.
---	---

## Levels of Non-Compliance

<input type="checkbox"/> Level 1	M2. Not applicable
<input type="checkbox"/> Level 2	M2. Con Edison has procedures for identifying <i>Eligible Black Start Resources</i> for inclusion or continued inclusion in its SRP, but the procedures were incomplete.
<input type="checkbox"/> Level 3	M2. Con Edison did not submit its black start <i>resource</i> identification methodology or study to the <i>NYISO</i> or <i>NYSRC</i> when requested.
<input type="checkbox"/> Level 4	M2. Con Edison failed to conduct a study for determining the need to include or continue to include any <i>Eligible Black Start Resources</i> in its SRP when required, as required by R2.1.

R2. Con Edison has submitted a Report containing the methodology it employed to identify certain Eligible Black Start Resources in the Con Edison Service Territory. The NYISO has reviewed the Report and accepts the methodology and conclusions of the Report as satisfying G.4 R2.
