

NEW YORK STATE RELIABILITY COUNCIL, L.L.C.
APPROVAL OF NEW YORK CONTROL AREA
INSTALLED CAPACITY REQUIREMENT FOR THE PERIOD
MAY 1, 2025, THROUGH APRIL 30, 2026

1. WHEREAS reliable electric service is critical to the economic and social welfare of the millions of residents and businesses in the State of New York; and
2. WHEREAS the reliable and efficient operation of the New York State Power System is fundamental to achieving and maintaining reliability of power supply; and
3. WHEREAS, The New York State Reliability Council, L.L.C.'s (NYSRC) principal mission is to establish Reliability Rules for use by the New York Independent System Operator, Inc. (NYISO) to maintain the integrity and reliability of the NYS Power System; and
4. WHEREAS the NYSRC is responsible for determining the New York Control Area (NYCA) annual Installed Capacity Requirement (ICR); and
5. WHEREAS, the NYSRC Technical Study Report: NYCA Installed Capacity Requirement for the Period May 2025 through April 2026, dated December 6, 2024 (Technical Study Report) and supporting Appendices, prepared by the NYSRC Installed Capacity Subcommittee, concludes that, under base case conditions, the required NYCA installed reserve margin (IRM) for the May 1, 2025 through April 30, 2026 Capability Year is xx.x%; and
6. WHEREAS, in light of the Technical Study Report results, the modeling and assumption changes made to simulate actual operating conditions and system performance as set forth in Table 6-1 of the Technical Study Report, presents the numerous sensitivity studies evaluated as set forth in Table 7-1 of the same report, and other relevant factors; and
7. NOW, THEREFORE BE IT RESOLVED, that in consideration of the factors described above, the NYSRC finds that an IRM requirement at xx.x %, which equates to an ICR of $_1.xx$ times the forecasted NYCA 2024 peak load, will satisfy the criteria for resource adequacy set forth in the NYSRC's Reliability Rule A.1, and hereby sets the NYCA IRM requirement for the May 1, 2025 to April 30, 2026 Capability Year at xx %.

Approved by the NYSRC EC on December 6, 2024
